The car is now almost ready for the 0-60 challenge. The new shock absorbers are on and the gearbox is back in. Sad news is that some thievin' b*****s nicked my 'new' caravan from the outside my house. Thanx very much for ruinin' the start of the season for me. There is a reward for the persons who nicked it, just come round my house to find out what it is.....
Watch out for news from Elvington after the event on this very page.
Later.....
