Redvictor1Racing are pleased to announce [Injector Dynamics](#) as one of their latest sponsors. Supplying high precision injectors for the RedVictor3 project, Paul Yaw, director of Injector Dynamics states "Andy's accomplishments with RedVictor2 make him the perfect competitor to display our new ID2000 Injector" "His results speak loudly, and we are proud to be involved with his racing program."

Tony Palo, head of sales and marketing for Injector Dynamics adds - "This is a great opportunity to showcase our product, and introduce our precision high flow fuel injectors to a new market" "Our goal is to put an end to reliance on 30 year old injector technology, and Andy and Shane will help us accomplish that"

For more information on the fantastic injectors that Injector Dynamics can supply, please visit their website at <http://www.injectordynamics.com>
