The team is proud to announce a new association with [Europa Consultants](#) , who are providers of professional accident management solutions and replacement like for like vehicles to people involved in no-fault road traffic accidents. Making them your first call if you or somebody that you know has been involved in an accident means they'll help guide you through the oft-complicated process, whilst remaining at all times cost effective to the insurers.

Andy Frost, team principal says " We're delighted to be involved with Steve and his company and thank him for backing the team in 2012. We know Steve is an avid race fan and via his company [Europa Consultants](#) is putting something back to the PH race team for this year! We also know that Europa offers a great service for racers and fans alike, and our job will be to tell people about what the company offers "

Steve Greensmith, Director at [Europa Consultants](#) says " We are delighted to have been given the opportunity to provide sponsorship to the Red Victor 1 racing team. We would like to wish Andy and the rest of the team all the very best for the coming season and look forward very much to seeing (and hearing!) Red Victor 3 taking to the track in the coming months. We hope to see some of you there...! "

We thank [Europa Consultants](#) for the opportunity to work with them in 2012, and thank them for their support!
