---

The Red Victor Racing team is proud to announce a partnership with Goodridge fluid transfer systems for 2013.

Jon Hourihan, Group of Sales, Goodridge UK says about Red Victor 3 and the team..

"Great engineering, Great vehicle, World record holder. 73 assemblies of Goodridge technology enabling this to happen.

We'd be foolish not to be part of this great success. Safe, fast and built to Last"

Andy Frost, team principal says "We already know how well the Goodridge product works, having used it on RV3 with obvious success. We are looking forward to working with Goodridge over the coming season, and look forward to continued success with their product!"
