New Century Performance sign up for 2014!

We're proud to announce New Century Performance as the latest sponsors of the RV1 racing team.

We have run the 10.2" deck aluminium block all year with great results and we are honoured that New Century have chosen to support our team.

A big thanks to Lowell and the team at New Century for their support, and we can't wait to see what we can do with their block in 2014!
