More great news is that Total Seal are stepping up their support for the team in 2014.

We've used their piston rings exclusively in RV3 for 3 years and are very happy with the results.

The team thanks Matt Hartford of Total Seal for his support and commitment to our efforts in the FIA/MSA Pro Mod championship in 2014.

Visit the Total Seal website on www.totalseal.com for your next set of piston rings. You won't be disappointed!
