Tuesday, 11 March 2014 21:46 -

The Red Victor Racing team welcome Lamude Racing Engines as their Title Sponsor for the 2014 season.

Andy Frost, team principal and driver of Red Victor 3 says " This is great news for the team. Obviously we have been involved with Marc Lamude for 3 years now as the builder of RV3's record setting engine. Now he has stepped up his support for the team in the biggest way, and we thank him for that. We look forward to more records for 2014 with Marc's incredible engine building skills!"

Marc Lamude, Head honcho at Lamude Racing Engines says "We've been proud to build and develop the world record setting engine in RV3 for the last 3 years, in which time the car has changed the game. We think this is a great opportunity to show the world who is behind the engine, and help the Red Victor team progress through the 2014 season. We thank Andy for giving us the opportunity to work even closer together to achieve both our goals!"

The team are proud to be associated with Lamude Racing Engines, and we thank them for their support.

Roll on the 2014 season!
