---

Andy has been in contact to report that due to weather the event has been called and will not be completed. To say that he and the team are gutted is an understatement.

No doubt Andy will provide a full update on his return from Canada, but in the mean time, Andy has reported that he will be bringing back 30 World Street Race II T-Shirts. These will be available at £20 each. Use the Contact Frosty menu on the left to drop Andy an email if you'd like one.

Thanks again for everyone's support, without that the team wouldn't have even got to Canada..
