What an unbelievable year this has been. 1 full pass is all we've managed in a year blighted by the wet stuff. Once again our attendance at the Euro finals ended up with 3 days of rain and never turning a wheel....

Anyway, we're going to try our luck again this weekend at the Hot Rod drags (weather permitting). It would be nice to get some full passes on the ET streets/wheelie bars before we go back to radials... see you all there..ANDY.

PS: dont bring any rain with you...
